

**Embassy of the United States of America
Consular Section, Immigrant Visa Unit
Bangkok, Thailand**

INSTRUCTIONS FOR MEDICAL EXAMINATION

As part of your application for a visa to enter the United States, you are required to undergo medical examination. The following physicians have received authorization from this Embassy to conduct medical examination of visa applicants. Medical examinations from other physicians besides this list are not acceptable for visa application purpose. The fees listed below are for medical examination only. You are required to pay a separate fee for immunization.

Dr. Uthai Jesadaporn
Dr. Arida Chandacham
Dr. Prasit Iamsurey

Fee: Adults 2,000 Baht
Children (under 15) 1,000 Baht

PLEASE NOTE

You should also take with you records of any major illnesses or immunization to assist the doctors in their assessment.

During your medical examination, you should bring with you to the examining physician:

- Your valid passport
- Three (1 x 1 ½ inches) photographs
- Medical examination forms (DS2054, DS3030, DS3025 and DS3026) downloadable from http://bangkok.usembassy.gov/immigrant_visas/medexamforms.html
- Your vaccination records
- All relevant information concerning your medical history:
 - If you are taking any medications, you should know their names and composition.
 - If you currently, or have previously suffered from an illness, major surgery or trauma, or physical or mental disease, please bring the medical history from the doctor or medical institution that treated you.
 - If you are receiving treatment for any of the above, please bring a copy of your medical history, including treatment and medication.

Failure to provide this information during your medical examination will cause your visa process to be delayed. Please remember that the information provided to the doctor is confidential.

IMPORTANT NOTICE TO IMMIGRANT AND K VISA APPLICANTS CONCERNING VACCINATION REQUIREMENTS

United States immigration law requires immigrant and K visa applicants to obtain certain vaccinations (listed below) prior to the issuance of a visa. Panel physicians who conduct medical examinations are now required to verify that visa applicants have met the new vaccination requirement, or that it is medically inappropriate for the visa applicant to receive one or more of the listed vaccinations:

- **Acellular pertussis**
- **Hepatitis A**
- **Hepatitis B**
- **Influenza**
- **Influenza type b (Hib)**
- **Measles**
- **Meningococcal**
- **Mumps**
- **Pneumococcal**
- **Pertussis**
- **Polio**
- **Rotovirus**
- **Tetanus and diphtheria toxoids**
- **Varicella**

In order to assist the panel physician, and to avoid processing delays, **all immigrant and K visa applicants** should have their vaccination records available for the panel physician's review at the time of the medical examination. You should consult with your regular health care provider to obtain a copy of your immunization record, if one is available. If you do not have a vaccination record, the panel physician will work with you to determine which vaccinations you may need to meet the requirement. Certain waivers of the vaccination requirement are available upon the recommendation of the panel physician.

Only a physician can determine which of the listed vaccinations are medically appropriate for you, given your age, medical history and current medical condition.
